

STREET LIBRARY

HELP YOUR STREET GROW

Join the growing community of Street Librarians.

Building a love of books and reading in your community can begin in your front garden, outside your business or at the local shops.

A Street Library provides a publicly accessible space for sharing books you no longer need. It's a great way to join the sharing economy, bring your community together and contribute to a more sustainable future.

Visit streetlibrary.org.au and let your community benefit from the joy of books.

Street Library are a symbol of trust and collaboration - a tiny vestibule of literary generosity.
